DHS Person-centered thinking (PCT training)

Please join the Minnesota departments of Education and Human Services for a free two-day person-centered thinking (PCT) training.

During the two days of interactive training, participants will learn how to discover and balance what is "important to" and what is "important for" a person. Participants also will learn how to use the information to write person-centered descriptions and one-page summaries so new staff doesn't need to relearn everything already known about that person for the person to be successful.

Date: Sat. - Sun., April 21-22, 2018

Time: 9a.m. - 4 p.m.

Location:

Arrowwood Resort & Conference Center
2100 Arrowwood Lane NW
Alexandria, MN 56308

Audience:

PCT training is designed for self-advocates, families, caregivers, direct-support staff, lead agency staff, educators and service providers. It can help staff at all levels in an organization, as well as people who receive services/supports and their families, but it is especially relevant for staff that works directly with people or students.

Register: On the [registration site](#)

Additional details: Available on the [session announcement page](#)
