

## Managed care pharmacy identification

In addition to their Minnesota Health Care Programs (MHCP) ID cards, members enrolled in a managed care organization (MCO) also receive ID cards directly from their MCOs. Members are instructed to show both ID cards before receiving health care services.

All MHCP-contracted MCO cards contain the following text on the card:

“For appeals, write to the MN Department of Human Services, Appeals Office, PO Box 64941, St. Paul, MN”
