- Important Message - Medical Assistance Coverage Renewals

As directed by federal legislation, the Minnesota Department of Human Services is returning to the standard Medicaid eligibility procedures which includes a yearly renewal of eligibility for its enrollees.

Beginning Aug. 1, 2023, you may no longer have Medical Assistance (MA) coverage, including pharmacy benefits, if you received a renewal form in the mail and did not return it.

People who returned the renewal form and were already determined ineligible for MA will no longer have coverage.

If you lost coverage because you did not return your renewal form, you may still be eligible for coverage if you submit it now.

Refer to the resources on the reverse side of this sheet to assist with questions about your Medical Assistance renewal.
