PAYMENT POLICY INSTRUCTIONS

A payment policy assists in determining provider reimbursement for specific covered services. To receive payment, the provider must be in a contractual relationship with UCare and provide services to a member enrolled in one of UCare’s products. This payment policy is intended to provide a foundation for system configuration, work instructions, call scripts, and provider communications. A payment policy describes the rules for payment, which include applicable fee schedules, additional payment rules by regulatory bodies, and contractual terms. This policy is a general guideline and may be superseded by specific provider contract language.

PAYMENT POLICY OVERVIEW

IRTS are time-limited mental health services provided in a residential setting. Minnesota Health Care Programs (MHCP) members who receive IRTS need structure and assistance from 24-hour mental health staff and at risk of significant functional deterioration if they do not receive these services.

UCare does update its' authorization, notification, and threshold requirements from time-to-time.</p>

ENROLLEE ELIGIBILITY CRITERIA

THIS SECTION OF THE POLICY PROVIDES INFORMATION THAT IS SPECIFIC TO THE UCARE MEMBER, INCLUDING INFORMATION ABOUT THE CRITERIA THE MEMBER MUST MEET IN ORDER FOR THE SERVICE(S) IN THE POLICY TO BE ELIGIBLE FOR PAYMENT

For services to be covered by UCare the patient must meet the following:

- Be actively enrolled in an UCare MSC Plus, Connect, PMAP, or MinnesotaCare product;
- Be eighteen (18) years old or older; and
- Meet IRTS admission criteria.

Individuals who are seventeen (17) years old and are transitioning to adult mental health services may be considered for IRTS if it is determined this will best meet their needs. In this situation a Rule 36 licensing variance is required.

IRTS Admission Criteria

To qualify for IRTS the patient must meet the following criteria:

- Based on diagnostic assessment the patient has a primary diagnosis of a mental illness;
- A functional assessment has been administered using the domains specified in statute, identifying at least three (3) or more areas of significant functional impairment;
- A LOCUS assessment has been completed and a Level 5 is indicated;
- IRTS is reasonably expected to begin or resume illness management and recovery skills or strategies;
- Requires a 24-hour supervised, monitored, and focused and treatment approach to improve functioning and avoid relapse that would require a higher level of treatment;
- Has not been responsive to an adequate trial of active treatment at a less intensive level of care;
- Is at risk of significant functional deterioration if IRTS is not received; and
- Has one or more of the following:
 - History or two or more inpatient hospitalizations in the past year
 - Significant independent living instability
 - Homelessness
 - Frequent use of mental health and related services resulting in poor outcomes in outpatient or community support treatment.

IRTS Continuing Stay Criteria

IRTS may continue when a mental health professional determines the patient meets all the following criteria:

- The patient's mental health needs cannot be met by other less intensive community-based services;
- The patient continues to meet admission criteria as evidenced by active psychiatric symptoms and continued functional impairment;
- Documentation indicates symptoms are reduced, but discharge criteria have not been met;
- Essential goals are expected to be accomplished within the outlined time frame; and
- Attempts to coordinate care and transition the patient to other services have been documented.

IRTS Discharge Criteria

IRTS discharge should take place when the patient meets at least one of the following:

- No longer meets continuing stay criteria.
- Individual treatment plan goals and objectives have been met.
- Evidence of decreased impairment, and less restrictive community-based alternatives exist.
- Symptoms and needs that allow for a lesser level of service and adequate supports are in place.
- Is voluntarily involved in their individual treatment plan and agrees to no longer participate in IRTS.
- Based on severe exacerbation of symptoms, decreased functioning or disruptive or dangerous behaviors indicate a more intensive level of service is needed.
- Has physical or medical needs that exceed what can be incorporated into the residential treatment setting.
- There is an unwillingness to participate in the program despite multiple attempts to engage and address nonparticipation with the patient.
- Does not make progress toward treatment goals and there is no reasonable expectation progress will be made.
- Leaves against medical advice for an extended period as determined by written procedures of the provider agency.
