2024 *Provider and Pharmacy Directory*

Introduction

This *Provider and Pharmacy Directory* includes information about the provider and pharmacy types in UCare Connect + Medicare and listings of all the plan's providers and pharmacies as of the date of this Directory. The listings contain address and contact information as well as other details, as applicable, such as days and hours of operation, specialties, and skills. All providers in this *Provider and Pharmacy Directory* accept both Medicare and Medicaid. Key terms and their definitions appear in alphabetical order in the last chapter of the *Member Handbook*.

Enrolling in this health plan does not guarantee you can use a particular provider on this list. If you want to make sure, call that provider to ask if he or she is still part of this health plan. Also ask if he or she is accepting new patients. This health plan may not cover all your health care costs. Read your contract or *Member Handbook* carefully to find out what is covered.

B. Background Information about UCare Connect + Medicare's Network Providers

B1. Key terms

Care coordinators supporting UCare Connect + Medicare members complete a plan of care with the member in conjunction with the health risk assessment. The plan of care, or a summary letter of the plan of care is provided to the primary care provider to promote communication and coordination between members of the interdisciplinary care team serving the member.

This section explains key terms in our *Directory*.

- **Providers** are professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, supplies, prescription drugs, equipment and other services.
 - The term **providers** also includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment.
 - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** are the providers that have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a doctor (or other health care professional), medical group or hospital (or other health care facility) who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
 - **Oncologists** care for patients with cancer.
 - **Cardiologists** care for patients with heart conditions.
 - **Orthopedists** care for patients with certain bone, joint, or muscle conditions.
- You will also be assigned a care coordinator. A care coordinator is available to complete a health risk assessment with you within the first 60 days of your enrollment and annually thereafter. The health risk assessment identifies your specific health care needs and individuals who are a part of your care team. Everyone on the care team works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Members of your care team may include:
 - A **Care Coordinator** that helps you manage your medical providers and services. A care coordinator is available to assist you managing your health care needs. They may be able to assist your with setting up appointments with providers, arranging transportation, refilling medication, arranging for additional services at home or in

? If you have questions, please call UCare Connect + Medicare (HMO D-SNP) Customer Service at 612-676-3310 or 1-855-260-9707 (this call is free), TTY 612-676-6810 or 1-800-688-2534 (this call is free), 8 am – 8 pm, seven days a week. The call is free. **For more information, visit ucare.org.**

the community, and as a main point of contact at UCare.

- Your **Primary Care Provider**
 - County waiver case managers
 - transportation providers
 - community resource/service providers
 - and anyone else you want as a part of your care team
- Your Care Team will also help you find other medical, behavioral health or specialist if you need a specialist or other health care provider. A care coordinator can help make referrals for you to be assessed for LTSS. That way, you will get the right provider to help you with your concerns.

B2. Wait times for primary care and behavioral health

We must provide you with access to primary care and behavioral health services within the following timeframes:

- immediate for urgently needed services or an emergency;
- within 7 days for services that are not an emergency or urgently needed, but you require medical attention;
- within 30 days from routine and preventative care

B3. How to choose a Primary Care Provider (PCP)

First, you will need to choose a Primary Care Provider (PCP). You can choose any PCP in our network who is accepting new members.

To choose a PCP, refer to the list of providers in Section C and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- If you do not choose a PCP in our network, UCare Connect + Medicare will choose one for you.
- If you want help in choosing a PCP, please call Customer Service at the numbers listed at the bottom of this page, 8 am – 8 pm, seven days a week. The call is free. Or, visit ucare.org.
- If you have questions about whether any service or care that you want or need is covered, talk to your Care Team or call Customer Service at the numbers listed at the bottom of this page and ask **before** you get the service or care.

B4. How to access UCare Connect + Medicare's network providers

You must get all of your covered services from providers within our network. If you use providers who are not in UCare Connect + Medicare network (**without prior authorization or approval from us**), **you will have to pay the bill.**

A **prior authorization** is an approval from UCare Connect + Medicare before you can get a specific service, drug, or use an out-of-network provider. UCare Connect + Medicare may not cover the service or drug if you don't get approval.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a

provider in the plan, such as when you are away from home. You can also go outside the plan for other non-emergency services if UCare Connect + Medicare gives you permission first.

- You may change providers within the network at any time during the year. If you have been using one network provider, you do not have to keep using that same provider. You only need to change your PCP if you are changing your Primary Care Clinic (PCC). To change your Primary Care Provider, talk to your Care Navigator.
- Remember, our plan's PCPs are affiliated with medical groups. If you change your PCP, you may also be changing medical groups. When you ask for the change, be sure to tell Customer Service if you are using a specialist or getting other covered services that require PCP

approval. Customer Service will help make sure that you can continue your specialty care and other services when you change your PCP.

- UCare Connect + Medicare works with all the providers in our network to accommodate the needs of people with disabilities. If you need a provider and are not sure if they offer the accommodations you need, UCare Connect + Medicare can help you. Talk to your Care Navigator for assistance.
