INFORMACIÓN IMPORTANTE

¿Qué es una lista de medicamentos cubiertos?

Una lista de medicamentos cubiertos incluye los medicamentos recetados cubiertos por UCare. Los medicamentos incluidos en esta lista son seleccionados por UCare con la ayuda de un equipo de médicos y farmacéuticos. UCare generalmente cubrirá los medicamentos enumerados en la lista de medicamentos cubiertos, siempre y cuando el medicamento sea médicamente necesario, la receta se surta en una farmacia de la red de UCare y se sigan otros requisitos relacionados con el medicamento. La mayoría de los medicamentos y ciertos suministros está disponible para un suministro de hasta 30 días. Ciertos medicamentos que toma regularmente para una afección crónica o a largo plazo están disponibles hasta un suministro de 90 días y se identifican en la Lista de medicamentos cubiertos como “90 días”.

¿Cambia alguna vez la lista de medicamentos cubiertos?

La lista de medicamentos cubiertos de UCare puede cambiar durante el transcurso de un año calendario. Si los cambios afectan la cobertura de un medicamento que está tomando, UCare hará todos los esfuerzos razonables para comunicarse con usted y el profesional que receta para informarles del cambio. UCare también le dirá sobre los medicamentos alternativos que están cubiertos.

Ejemplos de algunos cambios que pueden ocurrir son:

- Un medicamento que usted toma ya no es preferido (consulte “¿Qué es una lista de medicamentos preferidos?” en la siguiente sección).
- Un medicamento se elimina de la lista de medicamentos cubiertos por razones de seguridad.
- Los requisitos de autorización previa han cambiado. (Consulte “¿Hay restricciones para mi cobertura?”).

¿Cómo se enumeran los medicamentos en la lista de medicamentos cubiertos?

Hay dos maneras de encontrar sus medicamentos recetados en el formulario. Puede buscar por afección médica asociada con su medicamento o por lista alfabética.

Buscar por afección médica

Los medicamentos enumerados por afección médica comienzan en la página 1. Los medicamentos en este formulario se agrupan en categorías dependiendo del tipo de afecciones médicas que tratan. Si sabe para qué se usa su medicamento, busque la categoría en la lista que comienza en la página 1. Luego busque debajo del nombre de la categoría para su medicamento.

Buscar por listado alfabético

Si no está seguro de en qué categoría buscar, puede buscar su medicamento en el Índice. El Índice ofrece una lista alfabética de todos los medicamentos incluidos en el formulario. Tanto los medicamentos de marca como los genéricos se enumeran en el Índice. Busque en el Índice y encuentre su medicamento. Junto a su medicamento, verá el número de página donde puede encontrar información de cobertura dentro del formulario.

¿Qué es una lista de medicamentos preferidos?

En Minnesota, todos los planes de salud deben usar la Lista de medicamentos preferidos (Preferred Drug List, PDL) del Departamento de Servicios Humanos de Minnesota (DHS). La PDL es creada por el DHS, en consulta con el Comité del Formulario de Medicamentos, para que los profesionales que recetan y los miembros conozcan sobre medicamentos o clases de medicamentos que son económicos. En general, los medicamentos que son “preferidos” son más económicos y los medicamentos que son “no preferidos” son menos económicos. Los medicamentos preferidos están disponibles para los miembros con menos restricciones. Los medicamentos no preferidos requieren una autorización previa. Para obtener un medicamento no preferido, su médico o proveedor de atención médica debe obtener una autorización previa. La PDL está incluida como parte de la lista de medicamentos cubiertos de UCare. La lista completa de medicamentos cubiertos de UCare incluye otros medicamentos además de los que están en la PDL. La PDL está disponible en el sitio web del DHS en <http://minnesota.magellanmedicaid.com/pdl.asp>.

¿Qué son los medicamentos genéricos o biosimilares?

Un medicamento genérico está aprobado por la Administración de Alimentos y Medicamentos (Food and Drug Administration, FDA) y tiene los mismos ingredientes activos que el medicamento de marca. Produce el mismo efecto clínico que el medicamento de marca.

Un medicamento biosimilar es un medicamento biológico aprobado por la FDA (con mayor frecuencia un medicamento recetado inyectable) que es muy similar a un producto biológico ya aprobado. No tiene diferencias clínicamente significativas en términos de seguridad y efectividad. Los medicamentos biosimilares no son lo mismo que los medicamentos genéricos, pero al igual que los genéricos, los medicamentos biosimilares pueden ofrecer opciones de tratamiento más asequibles.

Sustitución con genérico o biosimilar significa que se administra una versión genérica o una versión biosimilar de un medicamento en lugar del nombre de marca o la versión no biosimilar del medicamento.

UCare cubrirá el nombre de marca o la versión no biosimilar del medicamento solo cuando:

1. El profesional que expide sus recetas informa a UCare por escrito que la versión de marca o no biosimilar del medicamento es médicamente necesaria; O
2. UCare puede preferir dispensar ciertas versiones de marca sobre la versión genérica o no biosimilar sobre la versión biosimilar del medicamento; O
3. la ley de Minnesota exige que se dispense la versión de marca o no biosimilar del medicamento.

Dentro de la lista de medicamentos cubiertos, los medicamentos de marca están en mayúsculas (por ejemplo, EPIPEN) y los medicamentos genéricos se enumeran en cursiva minúscula (por ejemplo, *comprimido de sertralina*).

¿Qué son los medicamentos de venta libre?

Los medicamentos y productos que están disponibles para su compra sin receta médica se denominan de venta libre (Over-The-Counter, OTC). Aunque un producto de venta libre esté disponible sin receta médica, si un médico escribe una receta para un producto de venta libre, UCare puede cubrirlo. Dentro de la lista de medicamentos cubiertos, los medicamentos y productos de venta libre se enumeran después del índice en una lista separada de medicamentos de venta libre (OTC).

¿Qué son los medicamentos especializados?

Los medicamentos especializados son utilizados por personas con enfermedades complejas o crónicas. Estos medicamentos a menudo requieren un manejo, dispensación o supervisión especiales por parte de un farmacéutico especialmente capacitado.

Si le recetan un medicamento que está en la Lista de medicamentos especializados de UCare, el profesional que expide sus recetas deberá enviar la receta a la farmacia especializada de UCare.

Nombre de la farmacia especializada: Fairview Specialty Pharmacy

Teléfono y TTY: 612-672-5260 o 1-800-595-7140 (esta llamada es gratuita), llame al Centro nacional de retransmisión al 711 y pida para comunicarse con el 1-800-595-7140 (esta llamada es gratuita).

Fax: 1-866-347-4939

Horario de atención: 24 horas al día, siete días a la semana

También deberá llamar a la farmacia especializada al 612-672-5260 o al 1-800-595-7140 (esta llamada es gratuita) o, para TTY, llamar al Centro nacional de retransmisión al 711 y pedir 1-800-595-7140 (esta llamada es gratuita) para configurar una cuenta. Deberá tener su tarjeta de identificación del miembro (ID) de UCare cuando llame a la farmacia especializada.

¿Qué pasa si un medicamento no está en la lista de medicamentos cubiertos?

No todos los medicamentos están cubiertos. Si un medicamento que desea tomar no aparece en la lista de medicamentos cubiertos, puede ponerse en contacto con el Servicio al Cliente de UCare para Familias y Niños (PMAP), MinnesotaCare y MSC+: 612-676-3200 o 1-800-203-7225 (esta llamada es gratuita), UCare Connect: 612-676-3395 o 1-877-903-0061 (esta llamada es gratuita), TTY: 612-676-6810 o 1-800-688-2534 (esta llamada es gratuita) y preguntar si el medicamento está cubierto. De lo contrario, se considera un medicamento no incluido en el formulario.

Si necesita un medicamento que no está incluido en la lista de medicamentos cubiertos:

- puede preguntarle a su proveedor de atención médica si hay otro medicamento cubierto que funcione para usted;
- usted o su proveedor de atención médica pueden pedirle a UCare que haga una “excepción” y cubra el medicamento o que elimine las restricciones o límites. Si se aprueba su solicitud de excepción, el medicamento estará cubierto en el nivel de copago genérico o de marca apropiado.

En general, UCare solo aprobará la solicitud de su proveedor de atención médica de una excepción al formulario si el medicamento alternativo incluido en la lista de medicamentos cubiertos de UCare no sería tan eficaz para tratar su afección o causaría que tenga efectos médicos adversos.

Si su proveedor de atención médica le receta un medicamento que no está en nuestra lista de medicamentos cubiertos o un medicamento que requiere autorización previa, su proveedor debe llamar a Navitus Health Solutions o visitar nuestro sitio web para proveedores para completar un formulario de solicitud. Los miembros también pueden encontrar más información en [ucare.org](https://www.ucare.org). Llame al Servicio al Cliente de UCare al número que aparece en la portada para obtener ayuda.

¿Hay restricciones para mi cobertura?

Algunos medicamentos cubiertos pueden tener requisitos adicionales o límites de cobertura. Estos requisitos y límites pueden incluir lo siguiente:

- **Autorización previa:** UCare exige que usted o su proveedor de atención médica o médico obtengan autorización previa para ciertos medicamentos. Esto significa que deberá obtener la aprobación de UCare antes de surtir sus recetas. Si no obtiene la aprobación, es posible que UCare no cubra el medicamento.
- **Límites de cantidad (QL):** Para ciertos medicamentos, limitamos la cantidad del medicamento que cubrirá.
- **Requisitos de edad:** Algunos medicamentos tienen requisitos de edad. Es posible que se necesite una autorización previa dependiendo de su edad y del medicamento específico recetado.

Puede averiguar si su medicamento requiere autorización previa, tiene límites de cantidad o tiene un requisito de edad buscando en esta lista de medicamentos cubiertos. Se puede hacer una excepción a una restricción o límite de un medicamento si su médico presenta una declaración o documentación que respalde la solicitud. Consulte Medicamentos recetados en la Sección 7: Servicios cubiertos, de su *Manual del miembro* para obtener más información. También puede obtener más información sobre las restricciones aplicadas a medicamentos cubiertos específicos si llama al Servicio al Cliente de UCare para Familias y Niños (PMAP), MinnesotaCare y MSC+ al 612-676-3200 o al 1-800-203-7225 (esta llamada es gratuita), UCare Connect: 612-676-3395 o 1-877-903-0061 (esta llamada es gratuita), TTY: 612-676-6810 o 1-800-688-2534 (esta llamada es gratuita), o visita nuestro sitio web en [ucare.org](https://www.ucare.org). También consulte: “¿Puedo solicitar una excepción a las restricciones de cobertura?”.

- **Medicamentos excluidos:** algunos medicamentos están excluidos de la lista de medicamentos cubiertos. Esto significa que no están cubiertos. Los medicamentos excluidos incluyen los siguientes:
 - Medicamentos utilizados para tratar la disfunción sexual o eréctil
 - Medicamentos utilizados para mejorar la fertilidad
 - Medicamentos utilizados con fines cosméticos, incluidos los medicamentos para tratar la pérdida de cabello
 - Medicamentos excluidos de la cobertura por la ley federal o estatal
 - Medicamentos experimentales, medicamentos en investigación o medicamentos no aprobados por la Administración de Alimentos y Medicamentos (FDA)
 - Cannabis medicinal

¿Puedo solicitar una excepción a las restricciones de cobertura?

Sí. Usted o su proveedor de atención médica pueden obtener el Formulario uniforme de Minnesota para solicitudes de autorización previa (PA) de medicamentos recetados y excepciones al formulario de [ucare.org](https://www.ucare.org) o comunicándose con el Servicio al Cliente para miembros de Familias y Niños (PMAP) de UCare, MinnesotaCare y MSC+: 612-676-3200 o 1-800-203-7225 (esta llamada es gratuita), UCare Connect: 612-676-3395 o 1-877-903-0061 (esta llamada es gratuita), TTY: 612-676-6810 o 1-800-688-2534 (esta llamada es gratuita). Su

proveedor debe devolver este formulario al número de fax o dirección que aparece en el documento. Para permitir una revisión exhaustiva y para asegurarse de que usted o su proveedor de atención médica reciban una respuesta en un plazo de 24 horas, se debe proporcionar toda la información solicitada en el formulario, incluida la documentación de qué medicamentos se han probado y fracasado, incluidas las dosis utilizadas y la razón del fracaso (por ejemplo, efectos secundarios).

¿Cuánto cuesta una receta?

A partir del 1 de enero de 2024, los medicamentos cubiertos por Asistencia Médica (Medical Assistance) ya no tienen copagos. Usted no tiene costos compartidos para los medicamentos cubiertos por Asistencia Médica. Los miembros de MinnesotaCare tienen copagos. Toda la información sobre el copago de las recetas se enumera en el *Manual del miembro* en la Sección 6: Costo compartido. Si tiene preguntas adicionales, póngase en contacto con el Servicio al Cliente de UCare si tiene alguna pregunta para Familias y Niños (PMAP), MinnesotaCare y MSC+: 612-676-3200 o 1-800-203-7225 (esta llamada es gratuita), UCare Connect: 612-676-3395 o 1-877-903-0061 (esta llamada es gratuita), TTY: 612-676-6810 o 1-800-688-2534 (esta llamada es gratuita) o visite nuestro sitio web en ucare.org.
