## Understand your coverage

### Access your member materials

It's important to know what's included in your health plan. Here are a few resources that can help:

- **Evidence of Coverage** — Gives you detailed information about what is covered by your plan, including your member rights and responsibilities
- **Provider and Pharmacy Directory** — Lists the doctors, dentists, pharmacies, hospitals and chiropractors in our network, including details on specialty, medical school attended, residency completed and board certification status
- **List of Covered Drugs (Formulary)** — Lists what drugs your plan covers

Here's how to get these important member materials:

#### Online

View or print the Evidence of Coverage, Summary of Benefits, Provider and Pharmacy Directory and List of Drugs (Formulary) from [ucare.org/connectplus](https://www.ucare.org/connectplus). Or log into your online member account at [member.ucare.org](https://member.ucare.org).

#### Request printed materials

You can ask for printed copies of your plan materials in two ways:

1. **Online** — Log into your member account at [member.ucare.org](https://member.ucare.org) and send us a request
2. **Phone** — Call customer service

## Prescription drug benefits

Your prescription drug benefits are an important part of your health care coverage. Details on your prescription drug coverage can be found online at [ucare.org/connectplus](https://www.ucare.org/connectplus), including:

1. Full details on prescription drug coverage in your Evidence of Coverage
2. Searchable list of prescription drugs covered by your plan — click “Search the 2023 UCare Connect + Medicare List of Covered Drugs (Formulary).” The list is updated monthly.

### Filling prescriptions

When your doctor prescribes a drug, you have three ways to fill your prescription:

1. Your provider sends your prescription to the network pharmacy you choose
2. You take the prescription to the network pharmacy you choose.
3. You enroll in the convenient and cost-saving mail-order program through Express Scripts

Ask your pharmacy if they offer home delivery.

**90-day supply prescriptions:** To reduce the number of trips to the pharmacy and lower costs, some maintenance drugs can be filled for a 90-day supply at the same copay as a one-month supply. Ask your doctor to write a 90-day supply. Then search for your prescription and search the pharmacy network to find the pharmacies that offer 90-day fills.

### Pharmacy network

To find a network pharmacy or a pharmacy that offers 90-day fills:

1. Go to [search.ucare.org](https://search.ucare.org) and click on “Pharmacies” to search for and find a network pharmacy near you. Remember to bring your member ID card with you to the pharmacy.
2. Enroll in the Express Scripts mail-order program by calling Express Scripts at 1-877-567-6320, TTY 1-800-716-3231, 24 hours a day, seven days a week, or log in to [express-scripts.com](https://www.express-scripts.com) and follow the prompts to enroll.

## Care setting transitions

Changes in health and care needs can happen any time. If you need to move from one care setting (such as your home, hospital or nursing home) to another, we want to make sure you have everything you need for a successful experience.

If you have a care coordinator, he or she will help support you. This person will connect with you, your family, and providers to review your discharge instructions. Your care coordinator also will assess your understanding of your medicines, make sure you know who to call with questions, and help you with follow-up appointments and other needs.

If you do not have a care coordinator, call the Care Navigator Assistance Line for help with service coordination related to your transition.

## Keep Your Coverage Program

It's important to keep your Medicaid (Medical Assistance) eligibility in place so your UCare Connect + Medicare coverage continues without gaps in health care or services. To remain eligible for Medical Assistance, paperwork from your county of residence must be completed and sent in on time. You may also need to report certain changes during the year, like if you move or get a new job.

If you need help, UCare's Keep Your Coverage team is here for you.
