Understand your coverage

Get your member materials

It’s important to know what’s included in your health plan. Here are a few resources that can help:

• **Member Handbook** — Gives you detailed information about what is covered by your plan, including your member rights and responsibilities

• **Provider and Pharmacy Directory** — Lists the doctors, dentists, pharmacies, hospitals and chiropractors in our network, including details on specialty, medical school attended, residency completed and board certification status

• **List of Covered Drugs (Formulary)** — Lists what drugs your plan covers

Here’s how to get these important member materials:

**Online**

View or print the Member Handbook, Minnesota Health Care Programs Provider and Pharmacy Directory and Minnesota Health Care Programs List of Covered Drugs (Formulary) from [ucare.org/pmap](http://ucare.org/pmap). Or log into your online member account at [member.ucare.org](http://member.ucare.org).

**Request printed materials**

You can ask for printed copies of your plan materials in two ways:

1. **Online** — Log into your member account at [member.ucare.org](http://member.ucare.org) and send us a request

2. **Phone** — Call customer service

Prescription drug benefits

Your prescription and over-the-counter drug benefits are an important part of your health care coverage. Details on your prescription drug coverage can be found online at [ucare.org/pmap](http://ucare.org/pmap), including:

1. Full details on prescription drug coverage in your Member Handbook

2. Searchable list of prescription drugs covered by your plan, including certain over-the-counter drugs, can be found at [ucare.org/prescriptiondrugs](http://ucare.org/prescriptiondrugs). This list is updated monthly.

Filling prescriptions

When your doctor prescribes a drug, you have two ways to fill your prescription:

1. Your provider sends your prescription to the network pharmacy you choose

2. You take the prescription to the network pharmacy you choose

Ask your pharmacy if they offer home delivery.

**90-day supply prescriptions:** To reduce the number of trips to the pharmacy and lower costs, some maintenance drugs can be filled for a 90 day supply at the same copay as a one-month supply. Drugs that can be filled for 90-days are noted in the list of covered drugs. Ask your doctor to write a 90-day supply for your prescription. Then search the pharmacy network to find the pharmacies that offer 90-day fills.
Where to get care

**Primary care clinic**
Preventive care and minor illnesses at the clinic that knows your health history and long-standing conditions.

**UCare 24/7 Nurse Line**
Expert advice from experienced nurses on what to do and where to go when you have a health concern. 1-800-942-7858, TTY 1-855-307-6976, 24 hours a day, seven days a week

**Telehealth options**
Many doctors and clinics are also meeting with patients online or over the phone.
If you are experiencing a non-emergency illness or condition, you can call your doctor or clinic to find out how they can meet with you or get a no-cost e-visit through one of our partners:
- virtuwell.com
- cvs.com/minuteclinic
- mhealthfairview.org/evisits

**Walk-in clinic and urgent care**
Care for non-emergency injury or illness that needs immediate attention.
- Retail locations
- Minute Clinic
- Urgent care centers

**Hospital emergency room**
Emergency care for life-threatening symptoms that may require hospital admission.

---

It’s easy to find a doctor in our network and your prescription drugs

Go to ucare.org/searchnetwork, select your plan and click on “search network” at the top of the page. Use this online tool to find:

- **People**: Doctors, specialists, dentists, chiropractors and other kinds of care
- **Places**: Hospitals, clinics, home health care, hospice, urgent care and more
- **Pharmacies**: Community, hospital, clinical and online pharmacies
- **Prescriptions**: Covered drugs and limits/restrictions
