Understand your coverage

Get your member materials

It's important to know what's included in your health plan. Here are a few resources that can help:

- **Member Handbook** — Gives you detailed information about what is covered by your plan, including your member rights and responsibilities
- **Provider and Pharmacy Directory** — Lists the doctors, dentists, pharmacies, hospitals and chiropractors in our network, including details on specialty, medical school attended, residency completed and board certification status
- **List of Covered Drugs (Formulary)** — Lists what drugs your plan covers

Here's how to get these important member materials:

Online

View or print the Member Handbook, Minnesota Health Care Programs Provider and Pharmacy Directory and Minnesota Health Care Programs List of Covered Drugs (Formulary) from ucare.org/mscplus. Or log into your online member account at member.ucare.org.

Request printed materials

You can ask for printed copies of your plan materials in two ways:

1. **Online** — Log into your member account at member.ucare.org and send us a request
2. **Phone** — Call customer service

Prescription drug benefits

Your prescription and over-the-counter drug benefits are an important part of your health care coverage. Details on your prescription drug coverage can be found online at ucare.org/mscplus, including:

1. Full details on prescription drug coverage in your Member Handbook
2. Searchable list of prescription drugs covered by your plan, including certain over-the-counter drugs, can be found at ucare.org/prescriptiondrugs. This list is updated monthly.

Filling prescriptions

When your doctor prescribes a drug, you have two ways to fill your prescription:

1. Your provider sends your prescription to the network pharmacy you choose
2. You take the prescription to the network pharmacy you choose

Ask your pharmacy if they offer home delivery.

90-day supply prescriptions: To reduce the number of trips to the pharmacy and lower costs, some maintenance drugs can be filled for a 90-day supply at the same copay as a one-month supply. Drugs that can be filled for 90-days are noted in the list of covered drugs. Ask your doctor to write a 90-day supply for your prescription. Then search the pharmacy network to find the pharmacies that offer 90-day fills.
