# the ABC & D of Medicare

Confused about Medicare? Our team of de-complicators is at your service to answer your toughest questions. We help you navigate so you can choose the health plan that's right for you.

If you want to know more about the coverage and costs of Original Medicare, look in your current Medicare & You handbook. View online at [medicare.gov](https://www.medicare.gov) or get a copy by calling 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users call 1-877-486-2048.

## The ABC & D of Medicare

Original Medicare is made up of two parts — **Part A** and **Part B**

### Part A — hospital coverage

Medicare Part A helps pay for inpatient hospital and skilled nursing facility stays, hospice care and home health care.

### Part B — medical coverage

Medicare Part B helps pay for a wide range of medical expenses including doctor visits, many preventive screenings, lab tests, X-rays, outpatient procedures, mental health services, durable medical equipment and more.

### Additional coverage and services

*prescription eyewear, hearing aids,  
dental, health & wellness*

### Medicare Advantage plan

### Part C — Medicare Advantage plan

Think of Part C (Medicare Advantage plan) as a package.

It combines Part A with Part B, then may add special benefits that Medicare does not cover, such as vision and dental care. Many packages even include Part D prescription drug coverage.

Discover the all-in-one convenience of a Medicare Advantage plan. Get all your health benefits in one package and find peace of mind in protecting your health and managing your out-of-pocket costs.

### Part D — outpatient prescription drug coverage

Part D is available to anyone enrolled in either Medicare Part A or Part B. Part D can be purchased through two types of health plans: Medicare Advantage plans that include Part D or stand-alone prescription drug plans.

You must choose whether or not to enroll in Part D when you first become eligible for

Medicare. Keep in mind that if you decline it, but decide you want this coverage later, you may have to pay a penalty.

Most Part D plans have a monthly premium, and benefits and drug costs that vary by plan. Each health plan publishes a list of covered drugs called a formulary.

## When am I eligible for Original Medicare?

You qualify for Medicare if you:

- Are 65 or older or meet special criteria
- Worked for at least 10 years and paid Medicare taxes (or your spouse did)
- Are a citizen and permanent resident of the United States

## How do I enroll in Original Medicare?

You may apply online at [ssa.gov/medicare](https://ssa.gov/medicare), via telephone appointment at 1-800-772-1213 (TTY users call 1-800-325-0778), or in person at a local Social Security office.

## When can I enroll in a Medicare Advantage plan?

Medicare has limits to when and how often you can change your Medicare Advantage plan. These specific time frames, called “election periods,” determine when you can enroll in or leave a Medicare Advantage plan.

### Initial Coverage Election Period (ICEP)

When you become eligible for Medicare (either by age or disability), you may enroll in Original Medicare and a Medicare Advantage plan during your Initial Coverage Election Period (ICEP). When you enroll during the ICEP, the soonest Medicare allows us to accept your enrollment application is three months before you become eligible.

If you have had Part A and are just applying for Part B, the ICEP is limited to the three months prior to your enrollment in Part B.

#### Enroll when first eligible

You have a seven-month period (three months before you turn 65, the month you turn 65, and three months after your birthday month).

Example: birthday is July 4

#### Late enrollment penalties

If you don't sign up for Part B and Part D when you first become eligible, Medicare may apply a penalty if you decide to sign up later. You'll pay the penalty for as long as you have Part B and Part D coverage. Some exceptions apply.

## When can I make changes to my Medicare coverage?

### Annual Election Period (AEP)

Every year between October 15 and December 7, you can make a plan change to be effective on January 1 of the following year. This change may include adding or dropping Medicare Part D.

*Note: Medicare Advantage plans release their rates and benefits for the following year on October 1.*

**Annual Election Period**

**Coverage begins**

### Special Enrollment Periods (SEPs)

You may qualify for a Special Enrollment Period at any point during the year if you:

- Are leaving or losing coverage through an employer or union (including COBRA)
- Move to an area where your current plan isn't offered
- Are on Medical Assistance or no longer qualify for Medical Assistance
- Receive Extra Help for Medicare Part D
- Are losing your current coverage or your plan is no longer offered

### Medicare Advantage Open Enrollment Period (MA-OEP)

During the MA-OEP, Medicare Advantage members may enroll in another Medicare Advantage plan or disenroll from their Medicare Advantage plan and return to Original Medicare (limited to one change). This period runs from January 1 through March 31 or if you are newly enrolled in Medicare, within your first three months of enrollment.

## Coverage when traveling

*Refer to the chart on page 32 for more information on these benefits.*

Our UCare Medicare Plans travel with you whether you're gone for a couple weeks or a few months.

As a UCare Medicare member, here's how it works. In addition to the 96% of in-network providers in Minnesota, you have access to out-of-state providers with our expanded MultiPlan national network. At these providers, your plan works the same as in-network — giving you the same great coverage.

If you see providers that are not in the UCare or MultiPlan national network, you'll have coverage with UCare Anywhere<sup>SM</sup> at any provider that accepts Medicare within the U.S., but you may pay more.

Always know that emergencies are covered while traveling in the U.S. and worldwide with a copay.

## Dental coverage

Refer to the chart on page 26 for more information on these benefits.

All UCare Medicare Plans include dental coverage, and some give you the flexibility to purchase optional dental coverage. You can make the most of your dental benefits when you see providers in the Delta Dental National Medicare Advantage network. You may pay more for services if you see a provider outside this network.

UCare Medicare Plans include out-of-network coverage. Meaning you still have coverage even if you see a licensed dentist who is not in our network but you may pay more. If you receive services from an out-of-network licensed provider, you are responsible for submitting your bills and paying the cost share and any difference between the dentist's fees and the allowable amount.

To find a dentist in the network, go to [deltadentalmn.org/find-a-dentist](https://deltadentalmn.org/find-a-dentist) and select "I want to see if a dentist is in-network" or "I'm looking for a new dentist" if you don't have one.

## Additional information

### Provider network coverage

While you are a member of our plan, you must use network providers to get your medical care and services covered at in-network cost-share levels. Exceptions to this include emergency care, urgent care, out-of-area dialysis services, lab services, Medicare-covered preventive screenings, and cases in which the plan authorizes use of out-of-network providers. You can obtain certain covered services from out-of-network providers at different cost-share levels.

Out-of-network/non-contracted providers are under no obligation to treat UCare members, except in emergency situations. Please call our Customer Service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.

#### Care Management

UCare Case Management is a short-term (3 – 6 month) telephonic program for members challenged by multiple chronic health conditions. We offer care management to members with select diagnoses who transition to home from a hospital or skilled nursing facility. The Case Management team consists of registered nurses whose primary focus is on assisting our members with medical case management needs such as health decision support and disease specific education. The case management team also works with internal and external resources to provide the member with needed support and help with attaining best health outcomes. They conduct care management by phone during business hours.

#### Prior Authorizations

We cover some services listed in the benefits chart only if your doctor or other provider gets approval from us in advance. Some covered services that need such approval include inpatient rehabilitation services, genetic, molecular diagnosis tests, lumbar spine surgery, bariatric surgery, vein procedures, bone growth stimulators, and spinal cord stimulators. Other services that require prior authorization are marked with an ^ in the chart. For more information on services that require prior authorization by your provider, go to [ucare.org](https://www.ucare.org).

The Benefits Chart section of the Evidence of Coverage includes the information for each of our UCare Medicare Plans. This information is also at [ucare.org](https://www.ucare.org).

### Understanding utilization management

#### Authorization and notification

One of the ways UCare makes sure you get excellent care is by partnering with your doctors to review certain types of services and procedures. We want you to get the care that is best for your needs.

This Summary of Benefits notes which types of care or services require notification or authorization. This list may change from time to time. Some examples include spine surgery and home health care.

#### Notification

Hospitals are required to notify UCare if you are admitted to a hospital, Long Term Care Facility, or Skilled Nursing Facility. UCare's clinical team will coordinate with your doctors to make sure you get the care you need. If needed, UCare may set up post-hospital care.

#### Authorization

Before some services will be covered, your provider must get approval from UCare. This is true whether the provider participates in a UCare network or is out-of-network.

To make a coverage decision, UCare's clinical team evaluates if the service is medically necessary, appropriate and effective for your need.

Prior authorization, or preservice review, means that before you get the service, your provider must provide information to UCare and request approval. If pre-approval is required for that service, it will only be covered if the approval was granted.

Urgent concurrent and concurrent review often occurs during a Long Term Care Facility, or Skilled Nursing Facility stay. UCare will review to see if your care might need to continue longer or if different care is needed.

Post-service review is needed if your doctor didn't request pre-service review. Your claim may have already been denied because authorization is required for coverage. After your doctor requests review, UCare will consider your situation and care

plan to make sure you get the coverage you are entitled to as a UCare member.

If we deny a request made by you or your doctor, for medical services or pharmaceuticals, you or your doctor may appeal our decision. When you file an appeal, you or your Doctor may submit additional documentation that is relevant to your appeal. Appeal requests are reviewed against current medical evidence and your benefit plan by physicians. If we deny your appeal, you will be given information on how to file a second level appeal.

#### Learn more

Go to [ucare.org](https://www.ucare.org) and click on "plan resources." UCare members can also look up services in their Evidence of Coverage and Annual Notice of Change documents. These documents note if notification and authorization is required. The Evidence of Coverage is provided to new members. Every renewal year, members receive an Annual Notice of Change that explains any changes to their plan benefits.

### Consider Medicare coverage limits

The following items and services are not covered under Original Medicare or by our plan:

- Services considered not reasonable and necessary, according to the standards of Original Medicare, unless these services are listed by our plan as covered services
- Experimental medical and surgical procedures, equipment and medications, unless covered by Original Medicare or under a Medicare-approved clinical research study or by our plan. Experimental procedures and items are those determined by our plan and Original Medicare to not be generally accepted by the medical community.
- Private room in a hospital, except when it is considered medically necessary or if it is the only option available
- Personal items in your room at a hospital or a skilled nursing facility, such as a telephone or a television
- Full-time nursing care in your home
- Custodial care — care provided in a nursing home, hospice, or other facility setting when you do not require skilled medical care or skilled nursing care. Custodial care is personal care that does not require the continuing attention of trained medical or paramedical personnel, such as care that helps you with activities of daily living, such as bathing or dressing.

- Homemaker services such as basic household assistance, including light housekeeping or light meal preparation (except some coverage for members in UCare Value and UCare Value Plus)
- Fees charged for care by your immediate relatives or members of your household
- Cosmetic surgery or procedures, unless covered in case of an accidental injury or for improvement of the functioning of a malformed body part. However, all stages of reconstruction are covered for a breast after a mastectomy, as well as for the unaffected breast to produce a symmetrical appearance.
- Routine chiropractic care, other than manual manipulation of the spine to correct a subluxation
- Home-delivered meals (except some coverage for members with congestive heart failure in UCare Classic)
- Routine foot care, except for the limited coverage provided according to Medicare guidelines (e.g., if you have diabetes)
- Orthopedic shoes, unless the shoes are part of a leg brace and are included in the cost of the brace, or the shoes are for a person with diabetic foot disease
- Supportive devices for the feet, except for orthopedic or therapeutic shoes for people with diabetic foot disease
- Radial keratotomy, LASIK surgery, vision therapy and other low-vision aids. Eyewear except for one pair of eyeglasses (or contact lenses) after cataract surgery and non Medicare-covered eyewear up to the allowed amount.
- Reversal of sterilization procedures, and/or non prescription contraceptive supplies
- Acupuncture (except for Medicare covered chronic low back pain)
- Naturopath services (uses natural or alternative treatments)

Our plan will not cover the excluded services listed above. Even if you receive the services at an emergency facility, the excluded services are still not covered.

## Dental coverage limitations

- Major restorative services: Benefit for the replacement of a crown or an onlay will be provided only after a 60 month period, measured from the last date the covered dental service was performed.
- Prosthetics — removable and fixed: A prosthetic appliance (denture or bridge) for the purpose of replacing an existing appliance will be covered only after 60 months.
- Implant services: Replacing a single missing tooth. Coverage for implants is limited to once per tooth per lifetime (also see Exclusion #18).

### Why are we telling you this?

UCare believes it is important to keep your health information private. In fact, the law requires us to do so. The law also requires us to tell you about our legal duties and privacy practices. We are required to follow the terms of the Notice currently in effect.

### What do we mean by "information?"

In this Notice, when we talk about "information," "medical information," or "health information," we mean information about you that we collect in our business of providing health coverage for you and your family. It is information that identifies you.

### What kinds of information do we use?

We receive information about you as part of our work in providing health plan services and health coverage. This information includes your name, address, and date of birth, race, ethnicity, language, sexual orientation, gender identity, telephone numbers, family information, financial information, health records, or other health information. Examples of the kinds of information we collect include: information from enrollment applications, claims, provider information, and customer satisfaction or health surveys; information you give us when you call us about a question or when you file a complaint or appeal; information we need to answer your question or decide your appeal; and information you provide us to help us obtain payment for premiums.

## What do we do with this information?

We use your information to provide health plan services to members and to operate our health plan. These routine uses involve coordination of care, preventive health, and case management programs. For example, we may use your information to talk with your doctor to coordinate a referral to a specialist.

We also use your information for coordination of benefits, enrollment and eligibility status, benefits management, utilization management, premium billing, claims issues, and coverage decisions. For example, we may use your information to pay your health care claims.

Other uses include customer service activities, complaints or appeals, health promotion, quality activities, health survey information, underwriting, actuarial studies, premium rating, legal and regulatory compliance, risk management, professional peer review, credentialing, accreditation, antifraud activities, as well as business planning and administration. For example, we may use your information to make a decision regarding an appeal filed by you.

We do not use or disclose any genetic information, race, ethnicity, language, sexual orientation or gender identity for the purpose of underwriting.

In addition, we may use your information to provide you with appointment reminders, information about treatment alternatives, or other health-related benefits and services that may be of interest to you. We may also share information with family members or others you identify as involved with your care, or with the sponsor of a group health plan, as applicable.

We do not sell or rent your information to anyone. We will not use or disclose your information for fundraising without your permission. We will only use or disclose your information for marketing purposes with your authorization. We treat information about former members with the same protection as current members.

### Who sees your information?

UCare employees see your information only if necessary to do their jobs. We have procedures and systems to keep personal information secure from people who do not have a right to see it. We may share the information with providers and other companies or persons working with or for us. We have contracts with those companies

or persons. In those contracts, we require that they agree to keep your information confidential. This includes our lawyers, accountants, auditors, third party administrators, insurance agents or brokers, information systems companies, marketing companies, disease management companies, or consultants.

We also may share your information as required or permitted by law. Information may be shared with government agencies and their contractors as part of regulatory reports, audits, encounter reports, mandatory reporting such as child abuse, neglect, or domestic violence; or in response to a court or administrative order, subpoena, or discovery request. We may share information with health oversight agencies for licensure, inspections, disciplinary actions, audits, investigations, government program eligibility, government program standards compliance, and for certain civil rights enforcement actions. We also may share information for research, for law enforcement purposes, with coroners to permit identification or determine cause of death, or with funeral directors to allow them to carry out their duties. We may be required to share information with the Secretary of the Department of Health and Human Services to investigate our compliance efforts. There may be other situations when the law requires or permits us to share information.

We only share your psychotherapy notes with your authorization and in certain other limited circumstances.

Other uses and disclosures not described above will be made only with your written permission. We will also accept the permission of a person with authority to represent you.

In most situations, permissions to represent you may be cancelled at any time. However, the cancellation will not apply to uses or disclosures we made before we received your cancellation. Also, once we have permission to release your information, we cannot promise that the person who receives the information will not share it.
