Original Medicare is made up of two parts — Part A and Part B

**Part A — hospital coverage**
Medicare Part A helps pay for inpatient hospital and skilled nursing facility stays, hospice care and home health care.

**Part B — medical coverage**
Medicare Part B helps pay for a wide range of medical expenses including doctor visits, many preventive screenings, lab tests, X-rays, outpatient procedures, mental health services, durable medical equipment and more.

**Part C — Medicare Advantage plan**
Think of Part C (Medicare Advantage plan) as a package.
It combines Part A with Part B, then may add special benefits that Medicare does not cover, such as vision and dental care. Many packages even include Part D prescription drug coverage.
Discover the all-in-one convenience of a Medicare Advantage plan. Get all your health benefits in one package and find peace of mind in protecting your health and managing your out-of-pocket costs.

**Part D — outpatient prescription drug coverage**
Part D is available to anyone enrolled in either Medicare Part A or Part B. Part D can be purchased through two types of health plans: Medicare Advantage plans that include Part D or stand-alone prescription drug plans.
You must choose whether or not to enroll in Part D when you first become eligible for Medicare. Keep in mind that if you decline it, but decide you want this coverage later, you may have to pay a penalty.
Most Part D plans have a monthly premium, and benefits and drug costs that vary by plan. Each health plan publishes a list of covered drugs called a formulary.

If you want to know more about the coverage and costs of Original Medicare, look in your current Medicare & You handbook. View online at medicare.gov or get a copy by calling 1-800-MEDICARE (1-800-633-4227), 24 hours a day, seven days a week. TTY users call 1-877-486-2048.
When am I eligible for Original Medicare?
You qualify for Medicare if you:
• Are 65 or older or meet special criteria
• Worked for at least 10 years and paid Medicare taxes (or your spouse did)
• Are a citizen and permanent resident of the United States

How do I enroll in Original Medicare?
You may apply online at ssa.gov/medicare, via telephone appointment at 1-800-772-1213 (TTY users call 1-800-325-0778), or in person at a local Social Security office.

When can I make changes to my Medicare coverage?

Annual Election Period (AEP)
Every year between October 15 and December 7, you can make a plan change to be effective on January 1 of the following year. This change may include adding or dropping Medicare Part D.

Note: Medicare Advantage plans release their rates and benefits for the following year on October 1.

Special Enrollment Periods (SEPs)
You may qualify for a Special Enrollment Period at any point during the year if you:
• Are leaving or losing coverage through an employer or union (including COBRA)
• Move to an area where your current plan isn’t offered
• Are on Medical Assistance or no longer qualify for Medical Assistance
• Receive Extra Help for Medicare Part D
• Are losing your current coverage or your plan is no longer offered

Medicare Advantage Open Enrollment Period (MA-OEP)
During the MA-OEP, Medicare Advantage members may enroll in another Medicare Advantage plan or disenroll from their Medicare Advantage plan and return to Original Medicare (limited to one change). This period runs from January 1 through March 31 or if you are newly enrolled in Medicare, within your first three months of enrollment.

When can I enroll in a Medicare Advantage plan?
Medicare has limits to when and how often you can change your Medicare Advantage plan. These specific time frames, called “election periods,” determine when you can enroll in or leave a Medicare Advantage plan.

Initial Coverage Election Period (ICEP)
When you become eligible for Medicare (either by age or disability), you may enroll in Original Medicare and a Medicare Advantage plan during your Initial Coverage Election Period (ICEP). When you enroll during the ICEP, the soonest Medicare allows us to accept your enrollment application is three months before you become eligible.

If you have had Part A and are just applying for Part B, the ICEP is limited to the three months prior to your enrollment in Part B.

Enroll when first eligible
You have a seven-month period (three months before you turn 65, the month you turn 65, and three months after your birthday month).

Example: birthday is July 4

Late enrollment penalties
If you don’t sign up for Part B and Part D when you first become eligible, Medicare may apply a penalty if you decide to sign up later. You’ll pay the penalty for as long as you have Part B and Part D coverage. Some exceptions apply.

Getting care in Minnesota

UCare provider network
UCare Medicare Plans include a broad provider network. In fact, 96% of all Minnesota providers are in network including doctors, clinics, hospitals and other health care providers. Our large, statewide network means you can likely keep your doctor. You can also see any specialist in the network without a referral.

Find a provider
Search for a full list of providers (including specialists, hospitals, dentists and chiropractors) at ucare.org/medicare123, click on “Learn more” under “Find a doctor or drug” and open the People tab.

You can search by provider name, specialty, gender, language and distance from you. You'll also be able to see if providers accept new patients and learn about their qualifications.

If you prefer, call for help or to request a Provider and Pharmacy Directory at 1-877-671-1058.

Our network includes:
- Mayo Clinic
- Allina Health
- M Health Fairview
- Park Nicollet
- North Memorial Health
- Essentia Health
- Stillwater Medical Group

Coverage when traveling
Refer to the chart on page 32 for more information on these benefits.

Our UCare Medicare Plans travel with you whether you're gone for a couple weeks or a few months.

As a UCare Medicare member, here's how it works. In addition to the 96% of in-network providers in Minnesota, you have access to out-of-state providers with our expanded MultiPlan national network. At these providers, your plan works the same as in-network — giving you the same great coverage.

If you see providers that are not in the UCare or MultiPlan national network, you'll have coverage with UCare AnywhereSM at any provider that accepts Medicare within the U.S., but you may pay more.

Always know that emergencies are covered while traveling in the U.S. and worldwide with a copay.
**Over-the-counter benefit**

Refer to the chart on page 34 for more information on these benefits.

Our plans help you save money in lots of ways, including an over-the-counter (OTC) benefit through Healthy Savings®. You’ll receive an allowance to use twice a year. Eligible items include cough drops, first aid supplies, pain relief, sinus medications, toothpaste, and much more. Find participating locations, browse eligible items, and learn more at [healthysavings.com/ucare](http://healthysavings.com/ucare).

**Use your Healthy Savings OTC benefit**

**Participating stores include:**
- Walmart
- Cub
- Coborn’s
- CVS (not applicable to CVS in Target)
- Hornbachers
- Hy-Vee

---

**Dental coverage**

Refer to the chart on page 26 for more information on these benefits.

All UCare Medicare Plans include dental coverage, and some give you the flexibility to purchase optional dental coverage. You can make the most of your dental benefits when you see providers in the Delta Dental National Medicare Advantage network. You may pay more for services if you see a provider outside this network.

UCare Medicare Plans include out-of-network coverage. Meaning you still have coverage even if you see a licensed dentist who is not in our network but you may pay more. If you receive services from an out-of-network licensed provider, you are responsible for submitting your bills and paying the cost share and any difference between the dentist’s fees and the allowable amount.

To find a dentist in the network, go to [deltadentalmn.org/find-a-dentist](http://deltadentalmn.org/find-a-dentist) and select “I want to see if a dentist is in-network” or “I’m looking for a new dentist” if you don’t have one.

**Prescription eyewear**

UCare Medicare Plans offer an eyewear benefit with a dollar allowance for prescription glasses or contact lenses. These allowances range from $100 to $200, depending on the plan you choose.

Enjoy a deep discount on high-quality hearing aids through TruHearing®. Choose from a variety of advanced and premium hearing aids. All hearing aids include a 3-year warranty and up to one year of follow-up visits. Premium models include the option of a rechargeable battery.

### Low copays on select formulary insulins
You won’t pay more than $35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it’s on even if you haven’t paid your deductible.

### Part D vaccines
Our plans that include Part D cover most Part D vaccines at no cost to you, even if you haven’t paid your deductible. This includes the two-part shingles vaccine (SHINGRIX).

### Extra Help for Medicare Part D
You may be able to get Extra Help to help pay for your prescription drug premium and costs.
To see if you qualify, call:
- 1-800-MEDICARE (TTY users call 1-877-486-2048), 24/7
- Social Security Administration at 1-800-772-1213 (TTY users call 1-800-325-0778), 7 am – 7 pm, Monday – Friday
- Your State Medicaid Office or County Human Services Office
- Senior LinkAge Line at 1-800-333-2433

Some people will pay a higher premium for Medicare Part D coverage because their yearly income is over certain amounts.
Additional information

Provider network coverage

While you are a member of our plan, you must use network providers to get your medical care and services covered at in-network cost-share levels. Exceptions to this include emergency care, urgent care, out-of-area dialysis services, lab services, Medicare-covered preventive screenings, and cases in which the plan authorizes use of out-of-network providers. You can obtain certain covered services from out-of-network providers at different cost-share levels.

Out-of-network/non-contracted providers are under no obligation to treat UCare members, except in emergency situations. Please call our Customer Service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.

Care Management

UCare Case Management is a short-term (3–6 month) telephonic program for members challenged by multiple chronic health conditions. We offer care management to members with select diagnoses who transition to home from a hospital or skilled nursing facility. The Case Management team consists of registered nurses whose primary focus is on assisting our members with medical case management needs such as health decision support and disease specific education. The case management team also works with internal and external resources to provide the member with needed support and help with attaining best health outcomes. They conduct care management by phone during business hours.

Prior Authorizations

We cover some services listed in the benefits chart only if your doctor or other provider gets approval from us in advance. Some covered services that need such approval include inpatient rehabilitation services, genetic, molecular diagnosis tests, lumber spine surgery, bariatric surgery, vein procedures, bone growth stimulators, and spinal cord stimulators. Other services that require prior authorization are marked with an ^ in the chart. For more information on services that require prior authorization by your provider, go to ucare.org.

The Benefits Chart section of the Evidence of Coverage includes the information for each of our UCare Medicare Plans. This information is also at ucare.org.

Understanding utilization management

Authorization and notification

One of the ways UCare makes sure you get excellent care is by partnering with your doctors to review certain types of services and procedures. We want you to get the care that is best for your needs.

This Summary of Benefits notes which types of care or services require notification or authorization. This list may change from time to time. Some examples include spine surgery and home health care.

Notification

Hospitals are required to notify UCare if you are admitted to a hospital, Long Term Care Facility, or Skilled Nursing Facility. UCare’s clinical team will coordinate with your doctors to make sure you get the care you need. If needed, UCare may set up post-hospital care.

Authorization

Before some services will be covered, your provider must get approval from UCare. This is true whether the provider participates in a UCare network or is out-of-network.

To make a coverage decision, UCare’s clinical team evaluates if the service is medically necessary, appropriate and effective for your need.

Prior authorization, or preservice review, means that before you get the service, your provider must provide information to UCare and request approval. If pre-approval is required for that service, it will only be covered if the approval was granted.

Urgent concurrent and concurrent review often occurs during a Long Term Care Facility, or Skilled Nursing Facility stay. UCare will review to see if your care might need to continue longer or if different care is needed.

Post-service review is needed if your doctor didn’t request pre-service review. Your claim may have already been denied because authorization is required for coverage. After your doctor requests review, UCare will consider your situation and care plan to make sure you get the coverage you are entitled to as a UCare member.

If we deny a request made by you or your doctor, for medical services or pharmaceuticals, you or your doctor may appeal our decision. When you file an appeal, you or your Doctor may submit additional documentation that is relevant to your appeal. Appeal requests are reviewed against current medical evidence and your benefit plan by physicians. If we deny your appeal, you will be given information on how to file a second level appeal.

Go to ucare.org and click on “plan resources.” UCare members can also look up services in their Evidence of Coverage and Annual Notice of Change documents. These documents note if notification and authorization is required. The Evidence of Coverage is provided to new members. Every renewal year, members receive an Annual Notice of Change that explains any changes to their plan benefits.

Consider Medicare coverage limits

The following items and services are not covered under Original Medicare or by our plan:

• Services considered not reasonable and necessary, according to the standards of Original Medicare, unless these services are listed by our plan as covered services
• Experimental medical and surgical procedures, equipment and medications, unless covered by Original Medicare or under a Medicare-approved clinical research study or by our plan. Experimental procedures and items are those determined by our plan and Original Medicare to not be generally accepted by the medical community.
• Private room in a hospital, except when it is considered medically necessary or if it is the only option available.
• Personal items in your room at a hospital or a skilled nursing facility, such as a telephone or a television
• Full-time nursing care in your home.
• Custodial care — care provided in a nursing home, hospice, or other facility setting when you do not require skilled medical care or skilled nursing care. Custodial care is personal care that does not require the continuing attention of trained medical or paramedical personnel, such as care that helps you with activities of daily living, such as bathing or dressing.
• Homemaker services such as basic household assistance, including light housekeeping or light meal preparation (except some coverage for members in UCare Value and UCare Value Plus)
• Fees charged for care by your immediate relatives or members of your household.
• Cosmetic surgery or procedures, unless covered in case of an accidental injury or for improvement of the functioning of a malformed body part. However, all stages of reconstruction are covered for a breast after a mastectomy, as well as for the unaffacted breast to produce a symmetrical appearance.
• Routine chiropractic care, other than manual manipulation of the spine to correct a subluxation.
• Home-delivered meals (except some coverage for members with congestive heart failure in UCare Classic).
• Routine foot care, except for the limited coverage provided according to Medicare guidelines (e.g., if you have diabetes).
• Orthopedic shoes, unless the shoes are part of a leg brace and are included in the cost of the brace, or the shoes are for a person with diabetic foot disease.
• Supportive devices for the feet, except for orthopedic or therapeutic shoes for people with diabetic foot disease.
• Radial keratotomy, LASIK surgery, vision therapy and other low-vision aids. Eyewear except for one pair of eyeglasses (or contact lenses) after cataract surgery and non Medicare-covered eyewear up to the allowed amount.
• Reversal of sterilization procedures, and/or non prescription contraceptive supplies.
• Acupuncture (except for Medicare covered chronic low back pain).
• Naturopath services (uses natural or alternative treatments).

Our plan will not cover the excluded services listed above. Even if you receive the services at an emergency facility, the excluded services are still not covered.
Dental coverage limitations

• Major restorative services: Benefit for the replacement of a crown or an onlay will be provided only after a 60 month period, measured from the last date the covered dental service was performed.
• Prosthetics — removable and fixed: A prosthetic appliance (denture or bridge) for the purpose of replacing an existing appliance will be covered only after 60 months.
• Implant services: Replacing a single missing tooth. Coverage for implants is limited to one per tooth per lifetime (also see Exclusion #18).
