Coverage when traveling

EssentiaCare plans travel with you whether you're gone for a couple weeks or a few months.

As an EssentiaCare member, here's how it works. In addition to the more than 2,200 Essentia Health providers and its partners, you have access to out-of-state providers with the national MultiPlan Network. At these providers, your plan works the same as in-network — giving you the same great coverage.

Always know that emergencies are covered while traveling in the U.S. and worldwide with a copay.

*PPO: Preferred Provider Organization
